Hudson Hike Driving Directions

- **NY Thruway** towards **ALBANY** (36 miles).
- **Exit 17**, towards **Interstate 84 East** (note: thruway does not connect to I-84, at end of Thruway ramp bear right onto **RT-300/Union Ave** for 1/4 mile. Then get on I-84 East for 5 miles).
- Just over the "**Beacon Newburgh Bridge**", take **exit 11** to get on **9D South** towards **Beacon**.
- The meeting spot is located 4.3 miles down 9D. It's a small deli located 1/4 mile past the 5th light, atop an uphill climb, on the left side at the corner of a 90-degree right hand turn. It's called "**Bob's Corner Store**" (if it's still open).

Meeting time at Bob's Corner Store is 9:00am

Sunset Point

A couple of hundred feet after crossing stream (it may be dry), the **WHITE** trail separates from the **YELLOW-WHITE** trail and is easy to pass-by. It's not marked too well and breaks off left up the mountain. Be on the lookout for it or you will get lost

Wait to regroup atop the last peak (when there are no more rock faces in view). If you hike for a distance in wooded area, **STOP** or turn back to regroup.
